(b) if so, the State-wise position of energy generation; and

(c) the steps taken to develop such types of sources in the tribal backward areas of Rajasthan, Gujarat and Madhya Pradesh?

THE MINISTER OF STATE OF THE MINISTRY OF NON-CONVENTIONAL ENERGY SOURCES (SHRI M. KANNA-PPAN): (a) and (b) The Ministry of Non-Conventional Energy Sources is implementing a wide range of programmes such as biogas, improved chulhas, integrated rural energy programme, energy parks, small hydro power (upto 25 MW), wind power, solar power, biomass/co-generation, biomass gasifier, solar photovoltaics, solar thermal, solar cooker, solar photovoltaic pumps and small aerogenerators, etc. depending upon technical feasibility and economic viability of available technologies throughout the country. The State-wise installations made under various Non-conventional Energy programmes till 31st March, 2000 given in the annexed Statement, (see below)

(c) Ministry is making concentrated efforts in the high focus areas identified for implementation of its various programmes, which also include tribal and backward areas of Rajasthan, Gujarat and Madhya Pradesh. For biogas and improved chulha programmes higher rates of subsidies are also provided for the high focus areas.

Additional Power through Wind Power Projects in Orissa

1184. SHRI B.J. PANDA: Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state:

(a) whether Government have explored the possibility of generating additional power through wind power projects in Orissa;

Statemen

Statement installations made under Major Non Conventional Energy Programmes as on 31-3-2000.

(b) if so, the steps taken in the direction during Eighth Five Year Plan period; and

(c) the details of the target set for generating additional power through wind mill in the State during the Ninth Plan?

THE MINISTER OF STATE OF THE MINISTRY OF NON-CONVENTIONAL ENERGY SOURCES (SHRI M. KANNA-PPAN): (a) and (b) Under the Wind Resource Assessment Programme, six locations were identified in Orissa, which can be considered suitable for wind power projects. It was suggested to the State Government to take up a demonstration project at one of those locations. The State Government was also requested to announce a conductive policy for development of commercial wind power projects in the State.

(c) State-wise targets have not been set. Commercial wind power projects are set up based on techno-economic viability and the policies announced for such projects in different States.

FDI in Power Projects

1185. SHRI VIJAY J. DARDA: Will the Minister of POWER be pleased to state:

(a) what is the estimated foreign direct investment in ongoing power projects in the country, project-wise;

(b) the details of progress of ongoing power projects financed by foreign countries, project-wise;

(c) the details of power projects under active consideration for approval, project-wise; and

(d) the details of approved projects which could not be taken up for execution and the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATI JAYAWANTI MEHTA): (a) the Foreign Direct
